4Strings Quartet - Cookie Policy

Cookies In Use on This Site

Cookies and how they Benefit You.

Our website uses cookies, as almost all websites do, to help provide you with the best experience we can. Cookies are small text files that are placed on your computer or mobile phone when you browse websites.

Our cookies help us:

Make our website work as you'd expect.
Improve the speed/security of the site.
Continuously improve our website for you.
Allow you to share pages with social networks like Facebook and other website operators.
Make our marketing more efficient (ultimately helping us to offer the service we do at the price we do).

We do not use cookies to:
Collect any personally identifiable information (without your express permission).
Collect any sensitive information (without your express permission).
Pass data to advertising networks.
Pass personally identifiable data to third parties.
Pay sales commissions.
You can learn more about all the cookies we use below

Granting us permission to use cookies

If the settings on your software that you are using to view this website (your browser) are adjusted to accept cookies we take this, and your continued use of our website, to mean that you are fine with this. Should you wish to remove or not use cookies from our site you can learn how to do this below, however doing so will likely mean that our site will not work as you would expect.

More about our Cookies

We use the following types of cookies on our website.
Session (Transient) cookies: these cookies are erased when you close your browser, and do not collect information from your computer. They typically store information in the form of a session identification that does not personally identify the user.

Persistent (Permanent/Stored) cookies: these cookies are stored on your hard drive until they expire (i.e based on a set expiration date) or until you delete them. These cookies are used to collect identifying information about the user, such as Web surfing behaviour or user preferences for a specific site.

Website Function Cookies

Our own cookies

We use cookies to make our website work.

There is no way to prevent these cookies being set other than to not use our site.

Cookie name	Life span	Purpose
svSession	Permanent	Creates activities and BI
hs	Session	Security
incap_ses_${Proxy-ID}_${Site-ID}	Session	Security
incap_visid_${Proxy-ID}_${Site-ID}	Session	Security
nlbi_{ID}	Persistent cookie	Security

XSRF-TOKEN	Persistent cookie	Security
smSession	Two weeks	Identify logged in site members

Anonymous Visitor Statistics Cookies

We use cookies to compile visitor statistics such as how many people have visited our website, what type of technology they are using (e.g. Mac or Windows which helps to identify when our site isn't working as it should for particular technologies), how long they spend on the site, what page they look at etc. This helps us to continuously improve our website. These so called "analytics" programs also tell us if how people reached this site (e.g. from a search engine) and whether they have been here before helping us to put more money into developing our services for you instead of marketing spend.

We use: Google Analytics.

Social Website Cookies

So you can easily "Like" or share our content on the likes of Facebook and Twitter we have included sharing buttons on our site.

Cookies are set by: Facebook, Instagram, Twitter, Google+, Soundcloud, YouTube. The privacy implications on this will vary from social network to social network and will be dependent on the privacy settings you have chosen on these networks.

Turning Cookies Off

You can usually switch cookies off by adjusting your browser settings to stop it from accepting cookies (http://www.attacat.co.uk/resources/cookies/how-to-ban). Doing so however will likely limit the functionality of our's and a large proportion of the world's websites as cookies are a standard part of most modern websites.

It may be that your concerns around cookies relate to so called "spyware". Rather than switching off cookies in your browser you may find that anti-spyware software achieves the same objective by automatically deleting cookies considered to be

invasive. Learn more about managing cookies with anti spyware software (http://www.attacat.co.uk/resources/cookies/how-to-control-your-online-privacy).

Privacy Policy

The General Data Protection Regulations (GDPR) require us to protect and to be more accountable for any personal data we hold. To find out more about how we manage your data and what your rights are please read our Privacy Policy by clicking here.
